MEANING & READING GUIDE

Hanuman Chalisa: reading and meaning

This page offers a reading version of the original prayer and a concise explanation of its themes. A transliteration changes the script used to represent the words. A translation explains their meaning. These are different tools for study.

Opening prayer

The speaker remembers the teacher, prepares the mind to praise Rama, and asks Hanuman for strength, wisdom and clear understanding. The opening expresses humility rather than a claim of personal knowledge.

Wisdom, courage and service

The first verses praise Hanuman as a source of wisdom and noble qualities, a messenger of Rama and a devoted servant. Strength is joined with good judgment, learning and readiness to help.

Hanuman in the Ramayana

The prayer recalls finding Sita, crossing to Lanka and bringing the life-restoring herb for Lakshmana. Rama praises Hanuman for his service. The verses also recall his help to Sugriva and Vibhishana. These episodes express devotion through action.

Trust and remembrance

The middle verses describe the devotee taking refuge in Hanuman, remembering him during difficulty and looking to him as a protector. Statements about removing fear, suffering and obstacles belong to the devotional language of the prayer; they are not medical advice or a promise of a particular result.

Devotion to Rama

The later verses connect devotion to Hanuman with remembrance of Rama. The speaker asks for help, grace and a heart devoted to service. The final verses include Tulsidas expressing his wish to remain a servant of the Lord.

Closing prayer

The concluding doha asks Hanuman, together with Rama, Lakshmana and Sita, to dwell in the devotee's heart. This completes the prayer with remembrance and devotion.
